Dear Sir / Madam:

Re: Office Relocation September 2011.

Cambridge Mercantile Group relocated their headquarters to their own building in downtown Toronto. We occupy 23,000 square feet on 2 floors of a 5 storey building.

Envirotech was successful in their bid to undertake the project.

The relocation of approximately 200 employees entailed the construction of workstations, supplying executive offices, custom reception area, boardrooms, seating, kitchen facilities, custom file cabinets as well as a complete array of accessories.

The majority of the relocation took place over '1' weekend. The professional, courteous and accommodating crew supplied by Envirotech is to be commended.

Envirotech, specifically Ahmet, Arlene and Dave exceeded our expectations and is a serious contender for any future plans Cambridge Mercantile Group may have.

Best Regards,
Cambridge Mercantile Group.

Michael Mann
Logistics & Office Manager
